ENTOMOLOGICAL REVIEW

CONTENTS FOR 1979

NUMBER 1

	English Page	Russian Page
SHAPIRO, I.D., D.S. PEREVERZEV, AND M. HUDON: Scope for the Reproductive Control of the European Cornborer, Ostrinia nubilalis (Lepidoptera, Pyralidae), in the USSR and Canada by the Use of Resistant Corn Varieties	1	3
FASULATI, S.R.: Photoperiodic Reaction and Coloration of Eurydema oleracea (Heteroptera, Pentatomidae)	10	15
CHIKATUNOV, V.I.: Some Features of the Daily Activity of Insects in the Highlands of Tadzhikistan	16	39
STOLYAROV, M.V.: Dynamics of Phytomass Consumption by Groundings of Orthoptera on the Iori Plateau in Transcaucasia	18	42
KURKINA, L.A.: The Biology of Machimus annulipes (Diptera, Asilidae)	26	57
BRODSKIY, A.K.: Evolution of the Flight Apparatus in Plecoptera. Part 1. Functional Morphology of the Wings	31	69
SYCHEV, M.M.: Morphological and Ecological Characteristics of Chorthippus biguttulus and Ch. mollis (Orthoptera, Acrididae) in the Crimean Mountainous Region	37	78
GOROCHOV (GOROKHOV), A.V.: Crickets (Orthoptera, Gryllidae) of Soviet Central Asia	44	92
KUZNETSOVA, V.G.: The Karyotype of Labidura riparia in West Siberia (Type-Locality) and the Systematics of the Genus Labidura Leach (Dermaptera, Labiduridae)	49	99
GURJEVA (GUR'YEVA), Ye.L.: Systematics and Synonymy in the Subfamily Elaterinae (Coleoptera, Elateridae)	53	103
DOROKHOVA, G.I.: The Family Chrysopidae (Neuroptera) in the USSR	55	105
DERZHAVETS, Yu.A.: The Range and Geographic Variation of the Hawk-Moths Hyloicus pinastri and H. morio (Leopidoptera, Sphingidae	60	112
TIKHOMIROV, A.M.: The Phylogenetic Relationships and Classification of European Arctiidae (Lepidoptera) as Indicated by the Functional Morphology of the Male Genitalia	63	116
TOBIAS, V.I.: Two New and Little-Known Subfamilies of Braconidae (Hymenoptera) from Australia	70	128
ZEROVA, M.D.: Exeurytoma, A Genus of the Family Eurytomidae (Hymenoptera, Chalcidoidea) New to the USSR	80	143
STOROZHEVA, N.A.: Chalcids of the Genus Dimmockia (Hymenoptera, Chalcidoidea), from the Southern Maritime Territory	83	147
SAVCHENKO (SAVTSHENKO), Ye.N.: New Crane Flies of the Genus Limonia (Diptera, Limoniidae) from the USSR	87	153
GLUKHOVA, V.M.: Descriptions of New Species of Ceratopogonidae (Diptera)	93	161
YANKOVSKY (YANKOVSKIY), A.V.: Two New Species of the Genus Cnetha (Diptera, Simuliidae)	100	172

DERZHAVETS, Yu.A.: The Range and Geographic Variation of the Hawk-Moths Hyloicus pinastri and H. morio (Leopidoptera, Sphingidae	60	112
TIKHOMIROV, A.M.: The Phylogenetic Relationships and Classification of European Arctiidae (Lepidoptera) as Indicated by the Functional Morphology of the Male Genitalia	63	116
TOBIAS, V.I.: Two New and Little-Known Subfamilies of Braconidae (Hymenoptera) from Australia	70	128
ZEROVA, M.D.: Exeurytoma, A Genus of the Family Eurytomidae (Hymenoptera, Chalcidoidea) New to the USSR	80	143
STOROZHEVA, N.A.: Chalcids of the Genus Dimmockia (Hymenoptera, Chalcidoidea), from the Southern Maritime Territory	83	147
SAVCHENKO (SAVTSHENKO), Ye.N.: New Crane Flies of the Genus Limonia (Diptera, Limoniidae) from the USSR	87	153
GLUKHOVA, V.M.: Descriptions of New Species of Ceratopogonidae (Diptera)	93	161
YANKOVSKY (YANKOVSKIY), A.V.: Two New Species of the Genus Cnetha (Diptera, Simuliidae)	100	172

	English Page	Russian Page
KRIVOSHEINA, N.P.: A New Member of the Family Pseudopomyzidae (Diptera) in the Palearctic and the Position of the Family in the System of the Diptera	106	179
ROHDENDORF, B.B. (DECEASED) AND Yu.G. VERVES: New Palearctic Sarcophaginae (Diptera, Sarcophagidae)	114	190
WAINSTEIN (VAYNSHTEYN), B.A.: Ontogeny and Systematic Position of the Calyptostomidae (Acariformes)	122	211
KUZNETZOV (KUZNETSOV), N.N.: New Species of Tydeidae (Acariformes) from Soil and Forest Litter	126	217

NUMBER 2

KHLISTOVSKIY, YE.D. AND V.A. ALFIMOV: The Role of Ascorbic Acid in the Nutrition of Eurygaster integriceps and Graphosoma lineatum (Heteroptera: Scutelleridae and Pentatomidae) Reared on Artificial Media	1	233
GUSTELEVA, L.A.: Optimization of the Laboratory Rearing of Ips subelongatus (Coleoptera, Ipidae) Larvae on an Artificial Medium	8	240
CHUMAKOVA, I.V. AND M.P. KOZLOV: Stability of the Sex Ratio and Its Significance in the Reproduction of Fleas (Aphaniptera)	12	244
KNYAZEVA, N.I., W. FUDALEWICZ-NIEMCYZYK AND M. ROSCISZEWSKA: Proprioceptors in the Nymph of the House Cricket Gryllus domesticus (Orthoptera, Gryllidae)	16	248
FALKOVICH, M.I.: Seasonal Development of the Desert Lepidoptera of Soviet Central Asia and a Historical Analysis of the Development of the Lepidopteran Fauna	20	260
STADNITSKIY, G.V. AND V.P. GREBENSHCHIKOVA: Insects Developing in the Male Reproductive Organs of Conifers	46	282
BAYKOVA (BAJKOVA), O.YA.: On the Mayflies (Ephemeroptera) of the Amur Basin	52	308
ZHIL'TSOVA, L.A.: The Genus Takagripopteryx Okamoto (Plecoptera, Capniidae) from Sakhalin, New for the USSR	62	318
YEMEL'YANOV (EMELJANOV), A.F.: New Leafhopper Species (Homoptera, Auchenorrhyncha) from the Asian Regions of the USSR	66	322
VOLKOVICH (VOLKOVITSH), M.G.: A Review of Palearctic Groups of the Tribe Acmaeoderini (Coleoptera, Budprestidae)	78	333
KIREYCHUK (KIREJTSHUK), A.G.: Two New Genera and Some New Species of the Subfamily Meligethinae (Coleoptera, Nitidulidae) from Vietnam	100	355
PISKUNOV, V.I.: New Species of Gelechiidae (Lepidoptera) from the USSR	115	369
TIKHOMIROV, A.M.: The System and Phylogeny of the Palaearctic Noctuidae (Lepidoptera) as Indicated by the Functional Morphology of the Male Genitalia	119	373
SHARIPOV, M.: New Species of Encyrtidae (Hymenoptera, Chalcidoidea) from Tadzhikistan	134	388
KHLOPUNOV, YE.N.: A Palaearctic Species of the Encyrtid Genus Pentelicus Howard, 1895 (Hymenoptera, Encyrtidae)	140	394
DOLGIN, M.M.: Asecodes mento Walker (Hymenoptera, Chalcidoidea, Eulophidae), A Parasite of the Water-Lily Beetle (Galerucella nymphaeae) in the Altai	145	399
NAUMOV, A.N.: New Species of Phoridae (Diptera) from the European Regions of the USSR and Soviet Central Asia	148	417
ATANASOV, A.Y.: Laboratory Experiments with a Novosibirsk Strain of Lymantria monacha Nucleopolyhedrosis on 4-5 Instar Nun Moth Caterpillars	152	421
CHEVRIZOV, B.P.: The Harvestmen (Opiliones) in the Western European Regions of the USSR	158	426

	English Page	Russian Page
ZYUZIN, A.A.: A Taxonomic Study of Palearctic Spiders of the Genus Pardosa (Aranei, Lycosidae). Part 1. The Taxonomic Structure of the Genus	165	431
MISHAEVA, N.P., V.I. VOTYAKOV AND V.U. KALENCHUK: A Universal Device for Parenteral Administration of Fluids to Arthropods	186	461

NUMBER 3

TYSHCHENKO, G.F. AND N.I. GORYSHIN: The Effect of Photothermal Conditions on the Diapause (Induction and Depth) in Pieris brassicae (Lepidoptera, Pieridae)	1	481
KIPYATKOV, V.YE.: The Ecology of Photoperiodism in the Ant Myrmica rubra (Hymenoptera, Formicidae). 1. Seasonal Changes in the Photoperiodic Reaction	10	490
MAZOKHIN-PORSHNYAKOV, G.A. AND V.I. KAZYAKINA: Eye Structure in Winged Aphids (Homoptera, Aphididae)	20	500
GUSEVA, V.S.: The Biotic Potential and Its Realization as Exemplified by Three Species of Non-Gregarious Grasshoppers (Orthoptera, Acrididae)	28	522
POPOVA, A.I.: Parasites of Males of the San Jose Scale Diaspidiotus perniciosus (Homoptera, Coccoidea)	45	538
MIGUSHOVA, E.F. AND O.V. YEREMENKO: Damage to the Wild Relatives of Wheat by the Grass Fly Meromyza nigriventris (Diptera, Chloropidae)	55	548
MISHCHENKO (MISTSHENKO), L.L.: New Species of the Genus Chorthippus (Orthoptera, Acrididae) from Soviet Central Asia	60	562
VAS'KOVSKAYA (VASKOVSKAJA), YE.I.: A New Aphid of the Genus Dysaphis (Homoptera, Acrididae) from the Crimea	71	573
CHERNOVA (TSHERNOVA), G.P.: New Data on the Systematics of Some Palearctic Coreidae (Heteroptera)	76	578
KALININA, O.I.: A Redescription of the Larva of Rhombonyx testaceipes ussuriensis (Coleoptera, Scarabaeidae)	80	582
NAMKHAYDORZH (NAMHAIDORZH), B.: A New Species of the Genus Phytoecia (Coleoptera, Cerambycidae) from Eastern Mongolia	82	584
LOPATIN, I.K.: A New Leaf Beetle Genus and New Species (Coleoptera, Chrysomelidae) from Iran	84	586
SINEV, S.YU.: The Species and Systematic Position of the Genus Tetanocentria (Lepidoptera, Momphidae)	88	590
KONONENKO, V.S.: The Systematics of the Subfamily Cuculliinae (Lepidoptera, Noctuidae)	98	599
GORBATOVSKIY (GORBATOVSKY), V.V.: Palearctic Species of Diurnal Wasps of the Genus Dermasothes (Hymenoptera, Tiphiidae, Myzininae)	109	609
MYARTSEVA, S.N.: New Encyrtid Species (Hymenoptera, Chalcidoidea, Encyrtidae) That are Parasites of the Mealybug Peliococcus mesasiaticus (Homoptera, Coccoidea) in Turkmenia	122	622
OLSUF'YEV (OLSUFJEV), N.G.: New and Little Known Tabanidae (Diptera) from the Palearctic	130	630
LER (LEHR), P.A.: Palearctic Robber Flies of the Genus Asilus and Description of the New Genus Reminasus (Diptera, Asilidae)	139	639
BALASHOV, YU.S.: Studies of the Tactile Chaetae (Chaetoma) of Ixodid Ticks (Parasitiformes, Ixodoidea) by the Scanning Electron Microscope. III. Neotrichoid Chaetoma and the Surface Structure of the Integument in Argasid Ticks Nymphs and Imagines (Argasidae)	148	660
VAYNSHTEYN (WAINSTEIN), B.A.: New and Little Known Mites of the Family Tarsonemidae (Acariformes) from Cereals	154	663

NUMBER 4

	English Page	Russian Page
NARZIKULOV, M.N.: The Concept of the Balance of Nature as a Starting Point for an Ecological Approach to Plant Protection	1	689
KUZNETSOVA, I.A. AND V.P. TYSHCHENKO: The Part Played by Photoperiod and Temperature in Regulating Cessation of Diapause in Drosophila transversa Fll. and D. Phalerata Mg. (Diptera, Drosophilidae)	8	697
BRODSKIY (BRODSKY), A.K.: Evolution of the Flight Apparatus in Plecoptera. Part II. Functional Morphology of the Axillary Apparatus, the Skeleton, and the Musculature	16	705
SHAPOSHNIKOV, G.Kh.: The Oligomerization, Polymerization, and Ordering of Morphological Structures in the Evolution of Aphids (Homoptera, Aphidinea)	27	716
KUPERSHTEYN (KUPERSTEIN), M.L.: The Feeding of Ground Beetles (Coleoptera, Carabidae) on Eurygaster integriceps Put. in the Laboratory	53	742
YASNOSH (JASNOSH), V.A.: Food Specialization in the Family Aphelinidae (Hymenoptera, Chalcidoida)	61	751
RADCHENKO, V.G.: The Nesting of Nomioides minutissimus (Rossi) (Hymenoptera, Halictidae)	71	762
VIYDALEPP (J. VIIDALEPP), Ya.: A List of the Geometridae (Lepidoptera) of the USSR. Communication 4	75	782
MARTYNOVA, Ye.F.: A New Genus and Species of the Family Onychiuridae (Collembola) from the Southern Maritime Territory	101	799
MALITSKIY, Kh. AND Ja. OLAKH (H. MALICKY AND J. OLÁH): Two New Caddis-Fly Species of the Genus Drusus Stephens (Trichoptera, Limnephilidae) from the Caucasus	108	829
KUZNETSOV (KUZNETZOV), V.I.: A Review of the Palearctic Genera of Leaf Blotch Miners (Lepidoptera, Gracillariidae)	112	835
KAZENAS, V.L.: New Species of the Genus Cerceris Latr. (Hymenoptera, Sphecidae) from Southern Kazakhstan	133	857
PESENKO, Yu.A.: A New Species of the Genus Sphecodes Latr. from the Nest of Nomioides minutissimus (Rossi) (Hymenoptera-Halictidae)	136	860
ZAYTSEV (ZAITSEV), A.I.: Xylophilous Larvae of the Subfamily Sciophilinae (Diptera, Mycetophilidae)	137	861
TANASIYCHUK (TANASIJTSHUK), V.N.: Two New Species of the Genus Leucopis Mg. (Diptera, Chamaemyiidae) from Soviet Central Asia	145	870
ZLOBIN, V.V.: Mining Flies of the Genus Cerodontha Rond. (Diptera, Agromyzidae) from the USSR. Communication 1. Subgenus Cerodontha S. Str.	148	873
VERVES, Yu.G.: A Review of the Subfamily Miltogrammatinae (Diptera Sarcophagidae) in Sri Lanka	159	883
RIKHTER (RICHTER), V.A.: The Types of the Tachinids (Diptera, Tachinidae) Described by I.A. Porchinskiy (Portschinsky) in the Collection of the Zoological Institute, USSR Academy of Sciences	174	898
PETROVA, A.D.: Caurozercon Hal. (Parasitiformes, Mesostigmata, Zerconidae) a Genus New to the USSR	177	909
